I am a registered voter and pistol permit holder in the State of Ct and MA. I follow every one of your gun laws because I am a responsible citizen but yet you continue to take more and more of my Second Amendment rights. Your ridiculous proposals do nothing to reduce crime in our state as you don't focus on the criminals who could care less about your laws. Whoever votes to pass this ridiculous legislation will lose my vote... and I will be forced to move out of this ridiculously backwards state that wastes money by the millions...
